Perry Tardy Information - SY2017

One of the main areas of focus for this school year and every year is student attendance and tardies.

Total amount of tardies = 2,625

- Number of students w/ 4 or more tardies = 119
- This would be a 22 tardies per student
- Average student population for 2016-17 = 300 students
- Number of tardies $2,625 / 300 = 8.75$ per student

Instructional time lost based on only 5 minutes late (minimum)

- $2625 \text{ tardies} \times 5 \text{ minutes} = 13125 \text{ minutes}$ or 219 hours or 9 days instructional time lost.
- That is almost 20% of the school year.

Perry Elementary Attendance & Tardies - Sept 2017

Absent Days

132 students absent 1 or more days = 46% of student population missed 1 or more days (228 days missed)

Tardies

93 students tardy 1 or more times = 11% of student population (369 tardies). The 93 students tardy averaged 4 tardies. Just 5 minutes missed for those 93 students comes out to 7 hrs 45 minutes or 1 - instructional school day missed.
